## SUMMARY

Computer Science student at Eastern Washington University. Founder of Wawona, a native Wayland compositor for macOS, iOS, and Android. Also build macOS and iOS runtime tooling, reverse-engineering tools, and Nix infrastructure. Seeking internships or full-time as a Systems Software Engineer, Platform Engineer, or Developer Tools Engineer.

## EDUCATION

**Bachelor of Science (expected 2027), Computer Science, Eastern Washington University** 2022-2027
GPA 3.77

## EXPERIENCE

**Founder and Lead Engineer, Wawona** 2025-present
Open Source
- Native Wayland compositor for macOS, iOS, and Android (200+ stars): Rust core, Metal and Vulkan, UniFFI, Nix toolchain, TestFlight.
- On-device shell and userland, Wayland graphics compatibility (GBM, EGL, ANGLE), Waypipe remote apps.

**Assembly Technician, Sunburst Sensors** 2022-2025
Missoula, MT
- Built and calibrated pCO2 and pH instruments; PCB soldering, firmware updates for 1,000+ microcontrollers, hydrostatic testing.

**Technology Educator and Consultant, University of Montana IT** 2024-2025
Missoula, MT
- Returned to train students and staff on campus accounts, devices, and software. Closed TeamDynamix tickets; wrote guides; Jamf and Windows imaging.

**Technology Educator and Consultant, University of Montana IT** 2020
Missoula, MT
- Walk-in and phone support for students and employees. Closed 200+ TeamDynamix tickets; on-site sprints for hardware and account setup.

## SELECTED WORK

**Wawona** 2025-present
Native Wayland for macOS, iOS, and Android (Rust, Metal, Vulkan, Nix). / github.com/Wawona/Wawona

**apple-sharpener** 2024-present
macOS Ammonia tweak for window corner radii (300+ stars). / github.com/aspauldingcode/apple-sharpener

**Whisperer** 2024-present
Voice ChatGPT client for Apple Watch (Swift, watchOS). / github.com/aspauldingcode/Whisperer

## SKILLS

**Core:** Objective-C, Swift, Rust, C, Nix, macOS and iOS internals, Wayland, Metal, reverse engineering, continuous integration

## ACHIEVEMENTS

- Symposium poster: Native Wayland Compositing on Apple Ecosystems (Wawona) / Eastern Washington University (2026)
- Vice President, Association for Computing Machinery chapter / Eastern Washington University (2026)
- First place, Gonzaga University Hackathon / Gonzaga University (2025)
- First place, Spring Cyber Capture The Flag / University of Montana Missoula College (2024)
